## Report

Date	10/08/2023
Facilitator	<b>Prof. B. J. Giresha</b> Professor and Sir C V Raman young Scientist 2020 Awardee Department of Mathematics, Jnana Sahyadri, Kuvempu University, Shankaragatta
TOPIC	<b>Special Lecture</b>
OBJECTIVES	To know about Partial Differential Equations and their Applications

**"The essence of Mathematics is not to make simple things complicated, but to make complicated things simple".**

On 10/08/2023, one day special lecture on "Partial Differential Equation and its Applications" was conducted by the department of Mathematics, Sahyadri Science College, which was facilitated by a Resource person Prof. B .J. Giresha, Professor and Sir C.V.Raman Young Scientist 2020 Awardee, Kuvempu University.

The inaugural program got a blissful start with invocation. Prof. N. Rajeshwari, Principal, SSC, along with the dignitaries inaugurated the program by showering the flowers to the frame of great mathematician Srinivasa Ramanujan.

Chief Guest of the program Prof. B.J. Giresha, addressed the students about supremacy of the mathematics subject among all the subjects with insightful some mythological stories and also mentioned "Mathematics is a universal language".

SHIMOGA, Karnataka State.

Prof. N. Rajeshwari, Principal, SSC, began her presidential address by expressing her mirthful words about the mathematics department for conducting the Educational Programs. After that she explained about the significance of the subject in our practical day to day life. Also she quoted that "Maths is a common sense, which is uncommon".

After the inauguration program, a special lecture was engaged by our resource person Prof. B.J. Gireesha sir, on the topic "Partial Differential Equation and its Applications". He elaborated the basis of Derivatives by comprehending some lively common examples to make the students understand easily. He elucidate about heat equation, wave equation and Laplace equation using PDE and he stressed about how to differ these equations on the basis of delta value by giving some live examples. Also he emphasizes that we learn the subject when we got immersed in it, not only for marks but for our practical knowledge and real world applications. Especially in this era of digitalisation, where the whole world moving and ruling by two digits 'ZERO' and 'ONE' is the greatness of Mathematics.

The entire session got a immersive success under the proficient guidance of Dr. Venkatesh P, head of the Mathematics Department and Dr. Pavithra G M, Co-ordinator of the program.
